**Palliative Care:  
An Extra Layer of Support**

Palliative care is an important medical consideration for individuals who are living with a serious illness. Atlantic Health System has created this video for individuals who want to learn more about how palliative care can be an additional layer of support for you and your loved ones.

Action Period 4

**??**

Deborah Granata, MSN

“The elderly are one of the most vulnerable populations in health care. They are often not given information in a way that they can understand. Too often, families make decisions for them. I want to be their voice.”

Yes, early Palliative Care is proven better... Like before it hits 4:30 on Friday!!
