COVID RESOURCES

capc

Take Advantage of Open Access COVID-19 Tools, Technical Assistance, and Events

CAPC's [COVID-19 Response Resources Hub](#) remains free and open-to-all. The Hub includes tools and technical assistance addressing symptom management protocols for all clinicians (including non-palliative care specialists), telehealth, emotional PPE, health equity, crisis communication, Medicare waivers, and much more. Look for the "new" icon to see the most recent additions.

Tools and Technical Assistance

Based on member feedback from across the country, the following tools have been particularly essential:

- [Emotional PPE: Clinician Care](#)
- [Symptom Management: COVID-19 Escalation Guidance](#)
- [Patient Care: COVID Symptom Management and Care Communication Phrases](#)
- [Palliative Care: National Clinical COVID-19 Toolkit](#)
- [Talking to Families About Goals of Care](#)
- [Sustainable At-A-Glance Guidance](#)
- [An Experiment for Coping with Moral Challenges in the COVID-19 Era](#)
- [Specialty Palliative Care: COVID-19 Care Review Toolkit](#)
- [Social: Planning Forward in the COVID-19 Era](#)
